One item from your Bucket List

Visit the Coast of Italy and the Greek Isles

Favorite Job/Occupation

I am having a great time selling real estate in Florida. It's fun to help people find a vacation or retirement home they are really excited about.

Favorite Vacation Place

I really enjoy spending time with the family at our summer place in Michigan.

Since 1963 this happened...

Married for 46 years to Linda Grono from Lincoln Park. We have two sons, Michael and Jim, and three grandchildren Audrey(8), Evan (3) and Graham (3 months). We spend most of our time in Florida, but have a summer place on a large lake in Michigan about 30 miles south of Mackinac Island.

Favorite Food/Dessert

Ice Cream

Your Favorite Restaurant

USS Nemo Naples Fl-Best Chilean sea bass I have ever had.

Favorite Things to do

Golf, read, travel, spend time with the grandchildren

Favorite Book Current/Classic

Year of Wonders
Atlas Shrugged

Favorite Movies

Flash Dance, Three Amigos
Forest Gump, Top Gun,
Hoosiers, Mamma Mia,
Seabiscuit

If Retired, What do you do to keep Busy?

I retired for about 5 years but got restless so I started selling real estate with Keller Williams in Southwest Florida. I also enjoy playing golf, traveling and spending time with the grandchildren.

Education

BA, MS, Ph.D.
all in Mathematics
My primary university is
Saint Louis University
Go Billikins!!

Number of Children

2

Number of Grandchildren

1 grandson 5 Years
1 granddaughter due this year

One item from your Bucket List

Establish two annual (permanent) scholarships: one at Saint Louis University and one at TBD in memory of Coach Glenn Moore. The recipient would be the winner of the annual Dave Levin memorial.

Favorite Job/Occupation

The good old days at Bell Telephone Laboratories (designed and made telephones) then Sandia National Laboratories (design and make nuclear weapons). Total years of service-34.

Favorite Vacation Place

New Mexico - every day is a vacation - so much to do and see! Cruises all over the world and West coast travel.

Since 1963 this happened...

I posted most of the following to the BHS Blog: Since 1963- Married my college sweetheart in 1967. Finished a Ph.D. in Mathematics and my dad would say "you got a BA, MS, and Ph.D.? - well that's only seven letters of the alphabet - come back when you get the rest of the letters." Two married kids and one grandson with a granddaughter due later this year. Retired Nuclear Weapons

Scientist (a recluse here in New Mexico). At BHS, Bob Kane, Joe Molitoris, and Glenn Moore were my Trinity. I am convinced that without their influence I would never have gone to college. Glenn Moore, Marty Henry, and I have been donating to the annual Dave Levin Memorial award. I have explored options to make the award more “permanent” and concluded that it takes \$25K to establish an ongoing scholarship at any NJ University, College, or Jr. College. I hope I can someday (estate planning) manage to establish such a fund and name this award the Coach Glenn Moore memorial. Dave died December 23, 1962 in an auto accident, and I took over his starting position. I was given the first Dave Levin memorial at graduation. In 1995 I published an article in the WAMPUS: “There’s a flag in our gym”. It recounted Dave’s childhood with the late Pete Makosky’s as we grew up playing BB at the Y, then John Hill, then BHS and the flag in the gym is a memorial for Dave. Our greatest victory was an upset win over Mt. Lakes on their court on January 29, 1963. (This was Coach Moore’s son’s birthday.) This broke a 34-game win streak that the powerful Lakers had started on their home court two years earlier. We were undefeated in the month of January 1963! BB was not my best sport and Coach Kane was happy if I hit the rim from outside; however, I did make lay-ups on a regular basis. We lost the magic we had in January 1963, but I still have dreams of those games and wake up tired. Sweet memories.

Any Military Service? Branch/Dates/General Discussion and/or Deployments

I was granted an educational deferment since I was teaching in East Saint Louis at a special Jr. College for mostly African Americans. There were gangs, gunshots all day and night, and I have a recurring dream that my car breaks down on my way home from the ghettos. I was actually scared a few times in that dangerous environment.

Favorite Food/Dessert

Wife's Irish Stew

Your Favorite Restaurant

Tampa - Bern's Steak House

KC - BBQ Smoke House

Indy - Glass Chimney

Albuquerque - Scalo's Italian Grill

Are You on any Social Media?

Play golf at Augusta

Favorite Job/Occupation

Teacher - middle school math in Boonton

Favorite Vacation Place

Italy, everything about it: food, people, and different parts of the country.

Since 1963 this happened...

I met my wife in college. We will be married 43 years this month. I taught math, was a vice-principal and principal for 33 years and retired in 2001. I have also been in construction for over 40 years. I have built over 20 houses since 1985. My wife is still working as a 3rd grade teacher in Boonton. Two boys went to BHS. My one son, Kevin, is on the BHS wall of fame. In his senior year he was MVP in basketball of Morris County, 1st team all-state, and took Boonton to the state finals. He presently works in New York and is a partner in the bond market for Morgan Stanley. He has 2 children. My other son, Keith, also played basketball for BHS. He has a successful landscaping business in the Boonton area. He has 3 children. My daughter Jill went to Mountain Lakes. (We live in Boonton Township, and she was affected by the pull out of Boonton Township to Mountain Lakes.) She was also a four-year starter in basketball. She is married and lives in Rhode Island. She is a project manager for a marketing firm in Connecticut. Her husband is a lawyer in Newport.

Your Favorite Restaurant

Italian. There are so many in the area. A lot of bring your own wine places. Most of them are very good.

Favorite Things to do

Spend time with my grandchildren. Travel and play golf. I am a member of Rockaway River Country Club and also belong to the New Jersey Seniors for private clubs. I am presently a 5

handicap and won the NJ Seniors in 2010 shooting one over par in a two day tournament at Canoe Brook in Summit, NJ

If Retired, What do you do to keep Busy?

I am still building a house once in a while. I play a lot of golf, go out for dinner with my wife and sometime friends 3 or 4 days a week. I don't spend much time on the computer. This is why I am late filling this out. I work around my house or my children's houses. My daughter is presently building a house in Rhode Island, so I am spending more time up there now. I am enjoying my family and my life now. We are all on the back nine and we should make the best of it.

Favorite Job/Occupation

Nursing/ Infection Control and Epidemiology

Favorite Vacation Place

New Hampshire

Since 1963 this happened...

Worked in pharmaceutical research before returning to school for Nursing degree. Married, worked in Nursing/Infection Control and Epidemiology for more than 32 years while raising four children with husband Henry. All my children were born in April so during the school years I was the CUPCAKE QUEEN in the month of April. It was a busy, busy, busy time!! In 1983 we moved to Maine where we had baby number 4 and continued the working parent routine. We lived there for 9 years before moving back to NJ. Would have preferred to stay there! My parents are still hanging in there at 91 and 89. They still get out and about but it is becoming more difficult. I know what it means to be a member of the "sandwich" generation. Henry is still working in Regulatory Affairs and manufacturing at a small pharmaceutical company. He is 71, and he keeps telling me he is going to retire "in two years". He's been saying that for the last four years! He loves working and it makes him happy so I'm OK with that. The kids are GREAT! I just keep wishing one of them would produce a granddaughter so I can teach her my "Martha Stewart" skills....while I still know what they are!!

Favorite Food/Dessert

Chicken/ Napoleons

One item from your Bucket List

Fly in an open cockpit bi-plane (actually, I've now done it twice in a Stearman World War II trainer)

Favorite Job/Occupation

School administrator for almost 30 years, but enjoyed teaching swimming and lifesaving when I was younger.

Favorite Vacation Place

There are many, but we especially enjoyed the various islands of Hawaii a lot and the coast of Maine. We've travelled to Italy, Germany, Austria, Switzerland, Ireland, England, France, Mexico, Puerto Rico...some several times. I travelled to Europe for two months after I left active military service and saw most countries including Hungary. Cathy missed that trip as we hadn't really become a couple at that point.

Since 1963 This Happened....

Cathy and I married in 1975, She is also a BHS graduate (1967). We first lived in a cozy little log cabin on the Rockaway River in Boonton Township, but after two years we bought our first house moving to Jefferson Township. Our daughters Allison and Rebecca were born in 1979 and 1982 respectively. We had a house built in Jefferson (Cathy's dream house) and moved about four miles from our first place. I retired from public education in 2007 after working at Montville High School (1972-1987) and Livingston High School (1987-2007). Cathy retired from many years of teaching in 2008. We moved to Virginia Beach in 2010 to be closer to grandchildren and the military facilities in the Norfolk and Virginia Beach areas. We have a small townhouse in Hackettstown, NJ where we stay while visiting our younger daughter's family.

As an Eagle Scout, I was involved with scouting for a while. I was scoutmaster of Troop 69 in Boonton Township while in grad school, but I also served as a counselor for the four aquatic merit badges. When I moved to Jefferson, I counseled the three citizenship merit badges.

I've been active in church activities as well serving as the Sunday School Superintendent in the Rockaway Valley United Methodist Church prior to leaving for the Army. In Jefferson, I served as the chair of the administrative council for over 20 years in the Milton UMC as well as working in a number of other church positions.

I earned my wings in November of 1973 as an FAA private pilot, but other financial priorities (like a family) have kept me from being active. I will never forget that day I soloed! What a thrill!

For many years I served as a judicial volunteer for the Juvenile and Domestic Relations Court in Morristown. We handled a variety of cases with first-time juvenile offenders. That experience coupled with serving twice on active duty as a summary court martial officer was the closest I got to becoming a lawyer...my BHS Yearbook future vocation!

Coming to BHS from Boonton Township was challenging since there were only 16 in my eighth grade graduating class (12 boys and four girls and a number of them did not attend BHS). So, suffice to say, the few of us came to BHS not knowing anyone! It was difficult for a while, but by participating in activities, we slowly got to know many of the Boonton, Lincoln Park and Montville folks.

I guess I really haven't stayed very close to many fellow students over the years as we all went our separate ways. I did date one of you for a brief time while I was at Norwich, but have lost contact with even the few from Boonton Township except for Ruth Ann Huyler Sherman. One of my good friends, Walter Babbitt died in Vietnam....

So much for the rambling! It will be great to attend the reunion...even though there are still classmates I didn't really get a chance to know. Maybe now I'll get the opportunity.

Any Military Service?

Graduated from Norwich University-the nation's oldest private military college and founder of ROTC in 1967. I was commissioned a second lieutenant in the Armor Branch. After grad school, I entered active duty in 1969 at Fort Knox, KY and served a tour in the DaNang area of Vietnam. Returned home as a captain. After leaving active service, I joined the NJ Army National Guard retiring in 2000 as a full colonel with 30 total years of military service. During this time I commanded armor and mechanized infantry combat units at the company, battalion and brigade levels as well as serving as the commandant of the NJ Military Academy in Sea Girt. I must have fooled a few senior officers along the way, for they bestowed on me a number of awards and decorations. Among them are the Legion of Merit, Bronze Star, Meritorious Serve Medals, Army Commendation Medals, etc. I was also inducted into the Armor, Infantry and Field Artillery Associations.

I am very proud of my service to my country and state!

(I'm currently working on my memoirs from active duty to share with my family only. I have many pictures, etc. I was very fortunate to have been assigned to a tactical headquarters (because of my graduate degree I think) which is one reason I came home in one piece.)

Favorite Food/Dessert

Do enjoy Cathy's brandied chicken and mushrooms! (Getting the chicken drunk is the hardest part....)

Your Favorite Restaurant

Mannino's and Waterman's in Virginia Beach and the pizza at the Reservoir Tavern!

Favorite Things to do

I enjoyed family time in both VA and NJ. I enjoy walking Civil War battlefields (also walked on the D-Day beaches a couple of years ago). Hiking is fun too. Reading, traveling, doing crossword puzzles (not too hard), and visiting museums are other fun things to do.

Favorite Book Current/Classic

Only one??!! Hmm...travel the USA in a motor home so we can get off the beaten trail...and skydiving.

Favorite Job/Occupation

Homemaker. Was never that career driven. My plan to become Florence Nightingale ended when I first saw a scalpel cut into a body...so I became a pharmaceutical lab tech. That job ended when I settled in to become a mom. Work has been a means to an end...and now I'm looking forward to it ending!

Favorite Vacation Place

Ocean City, New Jersey!

Since 1963 This Happened...

Married to Bob in July 1965 (holy crap...that was long ago!) and moved from Montville to Byram Township that year. My goal of becoming a Florence Nightingale was dashed the first time I saw them put a scalpel through someone's gut. So I worked as a pharmaceutical lab tech until Jeffrey was born in 1969; then Jenna arrived in 1971. Was a stay at home Mom until about 1980 when I returned part time to the work force, and have continued to work since. For the past 28 years as a property manager for a company that manages community associations. Bob retired a few years ago from his real job, but continues to work part time for a fellow who has his own home construction business. My greatest joy is time spent with family, particularly our grandchildren. Justin turned 20 this year and attends Sussex County College. Kelsey is 10, in 5th grade. Samantha is 8 and in 3rd grade. Kids all live within 1/2 hour of us so we are fortunate to see them often. I love the outdoors and enjoy the four seasons here in New Jersey. Spring/summer & fall you'll find me in the flower gardens tending to my other children. You'll never hear me complain about weeding as I thoroughly enjoy keeping a neat garden! I'm eternally grateful that my parents introduced us to the wonders of Mother Nature, and walking on our country lane or in the woods is my favorite exercise as I take in all of nature that surrounds me year round. In the winter I love the snow and go ice skating and sleigh riding with the kids whenever possible. Used to ski but am a little leery of getting back into it since having knee repair (not replacement) a couple of years ago. I'm looking forward to retirement in the next year or so. Will likely be here in NJ 'til "the end" since the family is here (even my sisters live nearby), and that means more to me than anything else. To sum it up, life has been simple but good. I'm healthy, happy, and looking forward to more adventures in the future!

Any Military Service? Branch/Dates/General Discussion and/or Deployments

No - but "thank you" to all my classmates who served! I have high regard and deep appreciation for all who serve in the military, past and present.

Favorite Food/Dessert

Anything chocolate...dark chocolate preferred.

Your Favorite Restaurant

Black Forest Inn, Stanhope, New Jersey

Favorite Things to do

Gardening, reading, hiking, walking, kayaking, dinner out, antiquing, theater shows, museums, traveling, and now getting into bird watching (is this a sign of old age?). And of course, getting together with friends...old and new. And since breaking down and getting a computer a couple of years ago, mahjong and jigsaw puzzles on line!

Are You on any Social Media?

Facebook is my limit. Nice connecting with old friends, classmates, and keeping up with the goings on of friends and family.

Favorite Book Current/Classic

Don't have a favorite, enjoy many.

Favorite Movies

Dr. Zhivago; The Sound of Music; What Women Want; Chocolate; Something's Gotta Give; Jane Eyre; love old black & whites from the 30's, 40's & 50's. Probably more but can't think of them right now.

If Retired, What do you do to keep Busy?

Well, I'm not retired, but can't imagine it will be hard to keep busy since I can't find the time to do all I want to do now!

One item from your Bucket List

Bicycle Tour of Maine and Hawaii

Favorite Job/Occupation

Software Engineering

Favorite Vacation Place

I am on permanent vacation: winter in Hawaii and summer on a lakefront home in Maine.

Since 1963 This Happened...

After an interesting life starting with a few years as an electrical engineer and a few years custom building homes with my dad, and a few years as tractor trailer owner/operator, I settled down into software engineering. I finally retired to Hawaii in the winter and lakefront home in Maine in the summer..

Favorite Food/Dessert

Chocolate ice cream

Favorite Things to do

Bicycle riding, swimming, water skiing, kayaking, canoeing, almost anything in water.

Are You on any Social Media?

"Surely you're joking, Mr. Feynman"

Favorite Movies

"Pink Panther" with Peter Sellers

"Guns, Germs, and Steel" by Jared Diamond
"Collapse" by Jared Diamond
"Darwin Awards" Wendy Northcutt
"Crimes Against Logic" Jamie Whyte
"The Half-Life of Facts" Samuel Arbesman
"The God Delusion" Richard Dawkins
"Flim Flam" James Randi
"How Risky is it, Really" David Ropeik
"Myths, Lies, and Downright Stupidity" John Stossel
"Why People Believe Weird Things" Michael Shermer

If Retired, What do you do to keep Busy?

I keep busy by doing all maintenance and repair and upgrade on everything I own, from homes to cars to computers. Earlier this year my son and I designed and built 2 high end dual-boot Mac/PC 4-monitor computers. I am currently constructing a 24' x 36' two story storage building and will be using the second floor for my model train layouts. I am in the planning stage for building a gazebo. I am also studying, designing, and testing battery backup and solar thermal and photovoltaic systems reducing dependence on (and perhaps eliminating) the electrical grid.

Associate Degree in Fine Arts

One item from your Bucket List

Take a motorcycle trip around the USA and another in Ireland with Cork (family roots) as the objective.

Favorite Job/Occupation

Teaching fine arts in a home schooling program.

Favorite Vacation Place

Southwestern Vermont

Since 1963 This Happened...

Lifelong educator - public school systems, private nursery school, juvenile detention, Sussex County Jail, Sussex County Community College. Retired June, 2011. I've now begun teaching art to home schoolers. Our daughter, Melanie, 38, graduated from Williams College and Harvard Law School and is an I.P. attorney living in LA, California with her husband RJ and grandsons Jack and Callahan. Our older son, Christian, 31, graduated from Harvard and lives in Queens with his bride, Jessica. Christian has his own business (vankipp.com) as a strategic designer shaping and translating brands across media. Our new daughter-in-law (formerly Jessica Burrows, now Jessica Van Kipp) is a lead actress/soprano in musical theater and has recently completed a run at Hamilton Stage in Rahway as 'Nora' in "Himself and Nora" Additionally, she has her own Holistic Food Coach business at "Health Illuminated.com". Jesse, our youngest at 25 graduated 3 years ago from Connecticut College with a double major in Fine Art and Architecture. He has taught graphic design and fine arts and after three years at Peter's Valley is a resident artist and fellow running the Special Topics Art Studio. He also started this year teaching at the Sussex County Charter School of Technology. Roy, my husband of 40 years, has managed his own accounting practice for 30 years. Since my retirement he has spent much time whining because he is too young to retire. That's how it is when you marry an older woman!

Favorite Food/Dessert

Sirloin Filet meticulously grilled by my husband, Roy.

Your Favorite Restaurant

Walpack Inn in Walpack just down the road from Peter's Valley and the Airport Diner in Sussex.

Favorite Things to do

Art, sewing, exercising, motorcycling, traveling, reading and playing with our Pembroke Welsh Corgi, Tyler.

Favorite Book Current/Classic

Number of Children

Only the tail-wagging and the purring kinds

Number of Grandchildren

Probably some puppies and kittens

One item from your Bucket List

I think I've done everything I wanted to do. I would just like *more* of the same opportunities.

Favorite Job/Occupation

Acting. I finally got my SAG-Aftra union card. I'm a film starlet. (Proud to be in the union) I have also written several mystery novels published in the US, Europe and Asia.

Favorite Vacation Place

Home with my family in New Jersey and Pennsylvania

Since 1963 This Happened...

My husband is a French-speaking Cajun and a fantastic cook. (Like most French) He worked offshore for sixteen years, then another twenty-five as a high school teacher of French and Spanish. He just retired. We have a little cow farm in Central Louisiana where he gets good exercise keeping up the place, putting out hay and range cubes, etc. That serves as our "evacuation home" whenever we have a hurricane. We stayed there almost five months after Katrina. I like to swim in our little lake. No one can see me but cows, but I *always* wear something. We have two boxers, a bobtailed tom cat (who kills huge rats) and a girl cat who specializes in mice.

I get an occasional acting job. Am a professional astrologer. My mystery books are available on Amazon

Favorite Food/Dessert

Lobster followed by bread pudding with rum sauce. Also filet mignon, Haagen Daaz vanilla bean ice cream

Your Favorite Restaurant

Star Restaurant-237 Decatur Street, New Orleans. Great bargain on fresh lobster. :-p

Favorite Things to do

Hang out on a film set, eating the catered food. My exercise is walking, two or three miles a day. I walk down to the central library to haul books back for Richard, the "Reading Material Monster".

Are You on any Social Media?

Favorite Vacation Place

Costa Del Sol, Destin, FL, and home!

Since 1963 This Happened...

I was USAF active duty and then USAF Civil Service for 34 total years. I then worked for BAE until retirement. Final job was the Operational Test Manager for the G/ATOR radar (It's on line). Marilyn and I moved to Virginia when I was sent to be a USAF Liaison with the Navy as lead on some special Joint Service projects. My final Civil Service job had me working as a briefer and analyst for the Assistant Secretary of Defense for Homeland Defense at the Pentagon. Marilyn got into Navy Civil Service and worked her way up to the Director of the Fleet and Family Support Center. She was one of the people recognized by then SECDEF Rumsfeld for her work with Pentagon 9/11 families. She recently retired after 24 years and got some very special Awards from various levels of Command at the Naval Surface Warfare Center in Dahlgren, VA. Our son, Sean, graduated from The U of Maryland and went to work with SAIC in support of the Air Force portion of the Space Program. There he met and married his wife, Monica. They have 2 beautiful bundles of energy who are easily capable of breaking an anvil. After he finished his Masters in System Engineering, he was selected for a job at Vandenberg AFB in the missile and interceptor payload/launch business and relocated to California 1 January of this year.

Any Military Service?

USAF for 20 years. Stationed all over the world and the states. Found out why I missed all of those jump shots when a birth defect in one eye prevented me from being in the cockpit. I helped start 'Cope Thunder' at Clark AB, and ran the first and seventh one. It has moved to Alaska and is now named 'Red Flag West'. I was the PACAF Maintenance Officer of the Year in 1976 and got sucked into the intelligence field as a punishment. Squadron Commander in Omaha. After working with the German Air Force for 5 years I received special recognition from the Luftwaffe equivalent of the Air Intelligence Agency as well as a second from the Luftwaffe Chief of Staff.

Favorite Food/Dessert

Cordon Bleu, Apple Pie

Your Favorite Restaurant

The Bavarian Chef
in Fredericksburg, VA.
Great family style foods
and excellent beers

Favorite Things to do

Gardening, woodworking - mostly turning lumber into sawdust, gourmet jam making as well as cooking, writing anecdotal stories (think war stories and family stories) plus listening to audio books. Playing with our big Golden Retriever is #1 on the list after getting clobbered by the Grandchildren. Plus watching the grandbabies break china (anvils) for fun.

France

Since 1963 This Happened...

Mike and I have been happily married for 45 years. We both enjoyed professional careers and raised our son and daughter in the Hartford, CT area. We were fortunate to be able to travel to Paris, Rome, London, Luxembourg, Bermuda and many other interesting locations for business conferences and meetings. We have been retired for six years and enjoy travel, reading, fast walking, biking and Pilates. I also play "social" bridge with a few groups and belong to AAUW. I volunteer with several organizations and have enjoyed teaching ESL for 5 years.

We are Florida residents, living in The Villages, FL for 7 months/year and in CT near our family the remaining months. We also own a home in RI near the ocean and enjoy spending time there with our family. Fortunately, we are both in excellent health!

One item from your Bucket List

To visit the Valley of the Kings in Egypt

Favorite Job/Occupation

I retired after forty years as a Kindergarten-Primary teacher. I still tutor special needs students. I also teach Vacation Bible School and Faith Formation at my church. I also love being a Grandma!

Favorite Vacation Place

I love to go to Myrtle Beach, SC., where I enjoy the beach, shows, and restaurants.

Since 1963 This Happened...

We enjoy the beach, taking cruises, and traveling; especially to visit our children and grandchildren in New Hampshire, Texas, Georgia, Washington State, and Tennessee. Our daughter, Heather, is a Master Sgt. In the Air Force. Her husband, John, is a Senior Master Sgt. They are stationed at Lackland Air Force Base, San Antonio, TX. They are expecting a girl in early January. They are also raising John's daughters, Reagan, fifteen, and Victoria, ten.

My stepchildren:

Christopher, Jr. is a Sgt. In the Army. He, and his wife Lindsey, are stationed at Ft. Stewart, GA.

Victoria, an accountant, lives in Monroe, Washington.

Theresa and her husband, Christopher, live in Humboldt, TN, with our two year old granddaughter, Madison. Theresa is a secretary. Her husband is in the Marine Corps Reserve, and attends college.

Favorite Food/Dessert

My favorite food is lobster, and my favorite desert is strawberry shortcake.

Your Favorite Restaurant

I enjoy eating at The Kings Arms Tavern, in Colonial Williamsburg, VA. The strolling musicians add a special ambiance. The food and presentation are appropriate for the colonial period.

Favorite Things to do

I like to weave baskets, paint with oils and acrylics, sew my own clothes, read, travel, cruise, and spend time with my family.

Are You on any Social Media?

None yet!

One item from your Bucket List

To live in Paris for at least 6 months...

Favorite Job/Occupation

Hands down, my favorite job was being a mother. I was lucky enough to stay at home two years after each birth. It was, and still is, a job like no other. I taught grades 2, 3, and 4 for 37 years, starting in Atlanta and finishing in Paxton, Massachusetts. I loved that age children - 8, 9, and 10. Striving to be independent but still accepting of hugs and guidance. I am now an assessor for my small town. My daughter, Kate, lovingly calls me "the town ass." I enjoy it though, and it only takes 8 hours a week.

Favorite Vacation Place

We rented a small cottage for many years on Cape Cod Bay in Brewster. In the past ten years, we ventured to the "Outer Cape" to Wellfleet. Our daughter, Heather, recently bought a piece of land there and will begin building shortly. Hopefully, we'll get a family discount! I also love visiting with Jane in Dennis. Yea, we're still "a couple of swells."

Since 1963 This Happened...

Well, let's see... Dick and I live on our twenty acres of land on a dirt road in a small dairy community in central Massachusetts. We both enjoyed our careers - mine as a teacher and Dick as a counselor and later as an administrator for unemployment for the state. We had our first daughter after ten years of marriage. Then another came along. Like most, we had our struggles and our joys. For sure, the good outweighed the bad. My dad died of a severe heart attack when I was thirty. But my mom lived to the ripe old age of 99. I was privileged to have her in a nursing home close by for her last five years. My sister, Karen, who was a freshman when we were seniors, lives in Oshkosh, Wisconsin. We still are close and get together as often as possible. I had an older sister and brother too. I have nieces, nephews, great nieces, great nephews, and a great, great niece and a great, great nephew! Unfortunately, none live around me. Heather and Kate are the jewels in our crown. Both have become wonderful adults - I couldn't be more proud of them. Heather was graduated from

Syracuse and is a product designer in Boston. She lives in Cambridge. She works long hours and in her free time, enjoys rowing (crew at S.U.). She designed her Cape cottage and we can't wait until it's finished this fall or winter. I hope to be spending some quality time there! She is still single but has a boyfriend - I wish they would hurry up! Kate was graduated from Mercyhurst College in Erie, Pennsylvania and worked for several years as a special ed teacher in Milwaukee and Massachusetts. She just (this week) graduated from Lesley University with a Masters Degree in special education. She is looking in New Hampshire, but for now she'll stay put in Somerville, Massachusetts. She comes home about once a month for the weekend. She enjoys checking up on her old, dottering mom and dad. I'm sure she thinks we have one foot in the grave and can't carry out the simplest chores. But I love having her home. Dick and I have a 13 foot sailboat that we have fun with. We take it to the Cape and make circles in Wellfleet Harbor. I own a timeshare in Mazatlan, Mexico that I trade for other places to enjoy. So we get away about twice a year to new places. Last year, we spent a week in Provence, France and another in Liguria, Italy (Cinque Terre). We haven't gone anywhere together this year because we want to spend time in Wellfleet at the building site. All in all, I feel blessed to live such a wonderful, content life.

Favorite Food/Dessert

Fresh tomatoes and basil from our garden, a touch of olive oil and salt over hot pasta. M-m-m..

Your Favorite Restaurant

I think Dick and I have the best restaurant. with We enjoy cooking, using fresh produce and local meats. And it's cheap date!!! So give us a call, tell us a time, and show up! We promise a delicious meal and a wonderful evening.

Favorite Things to do

I have so many likes ~ tending to my seven gardens around our property is one of my favorites. I love to read. I love to plan trips and travel with my family - we've been to Italy and Ireland together, and next year I'm planning a trip to eastern Germany to see where my ancestors came from. And I'm taking my two sisters to Ireland to see where the other ancestors came from. I love to drive my car ~ I think Spiotti started that! In a future life, I'd like to come back as a garage mechanic.

Are You on any Social Media?

I am on Facebook, but I don't contribute much. I just enjoy seeing the lives of my relatives and friends. Sounds a lot like a voyeur, doesn't it?

Favorite Book Current/Classic

Love all genres of books! I just finished Bunker Hill by Nathaniel Philbrick. Some of my favorite authors are David McCullough, Edward Rutherford, Ken Follett, Adriana Trigiani, Jaqueline Winspear, Lisa Genova, Patrick Taylor, Vince Flynn... I could go on.

Favorite Movies

I thought "The Heat" was hysterical! We really enjoy watching the English mystery series on PBS. Also on PBS, I loved "Call the Midwives" series as well as "Downton Abbey."

If Retired, What do you do to keep Busy?

I really don't know...I know I'm never bored. I enjoy spending time with my friends from teaching, my friends from town here, my college friends - There are four of us who travel together. We're going to Africa in January. I like to putter - when I get the cleaning fever, I like to organize my closets and drawers. I can't stand clutter. My super-duper favorite thing is to be with my family ~

wherever they are I like to be. I have truly enjoyed getting back into the BHS mode - meeting at Trudy's house last year and becoming re-acquainted with my marvelous classmates has been such fun. There is nothing like old friends. They're the best!

Education

BA - Radcliffe College - 1967
MA - Harvard University - 1969
Ph.D. - Harvard University - 1976

Number of Children

1 son - Gregory Holloway,
2 step-children

Number of Grandchildren

None - this is a sore point

Favorite Job/Occupation

The one I have now. It's not ideal, but I love doing fieldwork. I love to teach. Writing is hard, but rewarding.

Favorite Vacation Place

Used to be a tie between the Lake District of England and the Outer Banks in North Carolina until my husband almost drowned at the beach. Now we'll stick with the mountains of England.

Since 1963 This Happened...

Phillipa and Kenneth, my two step-kids, are professors at Middle Tennessee State University and Florida Atlantic University, respectively.

My son Greg is studying quantum computing at Waterloo University in Waterloo, Ontario, Canada. He is working toward a PhD and specializing in nanowires.

Your Favorite Restaurant

We don't go out to eat.

Are You on any Social Media?

Facebook, Linked-in

Favorite Book Current/Classic

I read too much to have one favorite - maybe
Bulgakov - Master and Margarita
Marquez - 100 Years of Solitude

Favorite Movies

Days of Heaven
Juliet of the Spirits

Number of Children

2 Boys

One item from your Bucket List

To take a vacation with dear friends.

Favorite Job/Occupation

Working for Federated Dept. Stores on the private label programs-that was back in '68-'75.

Owning my scrapbook store was probably the best. I loved it.

My current employment is with Wegman's in Downingtown. Customer service-selling fantastic Patisserie items and European breads.

Favorite Vacation Place

Carolla Light, NC the Outer Banks.. It really doesn't take much, just visiting the ladies or family in NJ is a vacation.

Since 1963 This Happened...

I just sold my home in Downingtown, PA in Nov 2012, and moved into a very small mobile home park community, only six homes. I love it. A double wide, in Amish country. I still have boxes up to my eye balls, but I'll get to it!!!

My boys are 22 and 24 and there is NEVER a dull moment. Neither boy is married, and there are no grandchildren that we know about.

I try to visit Trudy in NJ, at least once every two months. We always have a great time. Sometimes on those visits we ladies get together for lunch or go to NYC to catch a play, that way we get to see Walter (Bobbie).

Any Military Service?

No, but thanks to all of you that served . God bless you .

Favorite Food/Dessert

A good authentic Hungarian Goulash or Sauerbraten. Pecan Pie or Shoo fly pie

Your Favorite Restaurant

Dee and Wimpy's diner in Honey Brook. They hauled this 50's diner from Texas, and refurbished it about 2 years ago. Good diner food: corned beef hash/eggs, meatloaf and mashed potatoes, fresh turkey and filling. Love the atmosphere!

Favorite Things to do

When I finally get unpacked, I'll get back to working on the family tree . It's great getting in touch with cousins on my mom that are in their mid to late 80's. Love the family gossip ! I love working on family albums for myself or for gifts . Just have bunches of old and new photos that are waiting for a home . Turning old flea market or family stuff into new stuff.. always fun.

Are You on any Social Media?

On Facebook and Classmates .

I'm tired of the nonsense on FB.....time for me to drop it or unfriend some folks.

Favorite Book Current/Classic

Don't care much for reading,
other than articles, would rather watch a movie.
And Then There Were None
As Good as it Gets

Favorite Movies

Seven Brides for Seven Brothers
Father Goose
The Birdcage
Patch Adams
Pay it Forward
Young Frankenstein
Some Like It Hot
An Affair to Remember
Anna and the King of Siam
(Jodie Foster)

If Retired, What do you do to keep Busy?

I for one, can only dream about retiring.....it won't be in this lifetime !!!!

Favorite Job/Occupation

Sales/Sales Management : Two career fields - Insurance Industry and Office Technology Services and Products.

Since 1963 This Happened...

Me: " Semi-retired" on July 1, 2013. Company relocation from New Jersey to California in 1980. Spent the first six years in Southern California (Valencia), transferred by my company to the San Francisco Bay area (Pleasanton) and then back to Southern California in late 1991. Have lived in Westlake Village since returning.

Spouse: Office Manager for Pepperdine University (Malibu, CA) - student housing and residence life department. New Jersey (Edison) girl. She is very active with 'Pet Partners' which is a national organization for therapy animals. We have two therapy dogs (Golden Retrievers) who visit hospitals and senior citizen care facilities.

Son (28): Digital Marketing Manager for a FOX television station in West Palm Beach, Florida. Prior to moving to Florida he was a segment producer for CNBC at their global headquarters in Englewood Cliffs, New Jersey.

Son (25): After spending a year in Israel helping to develop a program for teaching ESL for public education, he returned home and has recently started to work in the alumni department for Pepperdine University (alum of Cal State University Long Beach). He is enrolling in a masters program at Pepperdine starting this September.

While living in the San Francisco bay area, we were there for the Loma Prieta Earthquake. When we moved back to Los Angeles were there for the Northridge Earthquake. Experiences I would not wish anyone to go through.

Any Military Service?

United States Navy 1963 - 1966

Deployment to Vietnam 1966

Duties: Radarman and Electronic Countermeasures

Had the opportunity to travel around the world on my ship

Are You on any Social Media?

Facebook

If Retired, What do you do to keep Busy?

I umpire youth baseball for two Pony Leagues and one private school league. I am planning to certify to umpire high school baseball in early 2014.

I work around my house: all the landscaping, swimming pool maintenance, painting, electrical, plumbing, home repairs...etc. It's enough to keep me busy most of the week.

I have started a running routine to allow me to enter 5k races in the near future.

Number of Children

2 daughters

Number of Grandchildren

4 (2 boys, 2 girls)

One item from your Bucket List

I've been lucky enough to have completed my bucket list except for just one item - visiting the pyramids of Egypt.

Favorite Job/Occupation

Favorite job was starting and running my own business (a data processing company). Left my first engineering job with PSE&G (Newark) after just 13 years; started my own business and never looked back.

Favorite Vacation Place

Aruba. We have been vacationing there since 1995. In 2003 we bought a beach house there which we use for ourselves and friends as well as rent out to other vacationers (www.VillaAruba.com).

Since 1963 This Happened...

Married 44 years, raised two great daughters and now have 4 terrific grandkids, ages 1, 3, 5 and 8. We started out in North Plainfield, moved back to Montville to raise our kids and after that we have lived in several other areas around New Jersey. We always liked the Jersey Shore and spent our early years vacationing there with our kids until we ultimately moved to the shore in the mid '90s. Once the kids got older, we began vacationing in other parts of the world including Caribbean until we finally found Aruba. That became our home-away-from-home. Both of our daughters graduated college with biology degrees. One went on to med school and became a Physician Assistant specializing in ER medicine and the other became an R&D manager with a pharmaceutical/cosmetics company. They have both now phased out of full-time work to raise their families. My wife and I have lived at the Jersey shore for the past 20 years and still enjoy places like Cape May, Wildwood, LBI, Ocean Grove and yes, even Asbury Park. Believe it or not, we still go to Asbury occasionally for dinner and even a few concerts at the old Paramount (few people know that Bruce, Southside Johnny, Bon Jovi and others sometimes perform and practice there before going out on tour). I have also been involved with classic cars and auto racing over the years. My brother and I

used to restore classic cars (mostly Corvettes) starting way back in the '60s. Unfortunately my brother (and best friend) passed away in 2001 so after my last restoration (a 1966 "big block" Corvette) I finally closed that chapter of my life. So now I just enjoy taking the '66 to car shows with my grandsons. Over the years, I also enjoyed going to many auto races around the country including the "big one", the Indy 500. At some of those events, I had the opportunity to meet a few legends like Bobby Unser and Mario Andretti. One of my bucket list items was to actually drive open-wheel race cars which I was finally able to do at Nazareth, PA raceway back in the '90s. It was the ultimate "rush".

Favorite Food/Dessert

Jersey corn

Your Favorite Restaurant

Moonstruck Restaurant, Asbury Park, NJ and Yemanja Restaurant, Oranjestad, Aruba (unfortunately it takes a few hours and a few hundred bucks just to get to that one).

Favorite Things to do

Hang out with the grandkids.

Are You on any Social Media?

Nope, don't like or trust any of them

Favorite Book Current/Classic

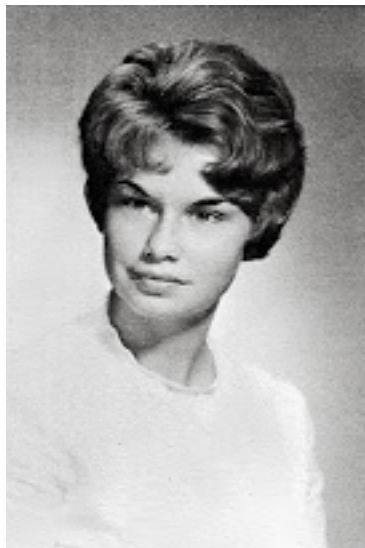

The Bible

Favorite Movies

Any of the James Bond series

If Retired, What do you do to keep Busy?

We recently moved into a great community and I got back into sports I hadn't played in decades including softball, volleyball and tennis. It took a number of visits to various doctors to get all the joints and muscles working right again but it was well worth it. Thanks, Medicare!

Favorite Job/Occupation

Master of the Universe

Favorite Vacation Place

Camden, NJ

Since 1963 This Happened...

After I left rehab for the sixth time, I began to take up the lute, which I played poorly with an ensemble of likewise maladjusted ex-hippies. Later on, I took up trout fishing, but soon give it up when I learned I was expected to eat the trout. There are so pretty, I couldn't bring myself to do it. I move around a lot with the encouragement of my neighbors. I think it may have had something to do with the roosters, or maybe my pet water monitor, but I'm not sure. In any event, I got to see the world, such as it is. I can't think of anything meaningful to share with my classmates, except that I remember almost all of them fondly. We lived in a Goldilocks time between the war and subsequent periods of ever increasing self-indulgence. Somehow, we survived.. Most of us survived. Too many haven't, and I miss them. Let's get wild at our reunion!

Any Military Service?

Army, 66 - 69, Dix, RVN, Knox, Bragg

Favorite Food/Dessert

I have spent forty five years in the financial services business. However my favorite job has been volunteering with the Rehab program at the Good Shepherd Mission, Paterson, NJ

Favorite Vacation Place

Word of Life, Schroon Lake, New York

Since 1963 This Happened...

Lynda and I started dating in 1962. She grew up all the way down the block from me in Lincoln Park. We were married in 1967 while I was in the Navy stationed on board the USS Wasp, home ported in Boston at the time. Our first child, Tim, was my coming home present. I was separated from service on August 14, 1968 and Tim was born several hours afterwards. In 1968 I started my career in the financial services industry as an agent with the Prudential Insurance Company. I remained with the Prudential for thirty years when I took an early retirement and moved on as an independent adviser affiliated with TFS Securities, where I still place my securities business. Lynda and I had five children altogether. Being a husband and dad has been the most challenging and rewarding part of life. And adding eleven grandchildren to the mix has made life much greater than anyone could have ever thought that it could be. With Lynda's passing to Lymphoma in February 2011, the family has become even more important not only to me, but to all of us. Our holidays are full and robust when the twenty one of us gather for times of celebration and great cheer. It is hard to believe that it has been fifty years since our high school graduation. Life sure has changed dramatically with time, but so worth the living.

Any Military Service?

US Navy: USS Wasp CVS 18 out of Boston, MA. The highlight of my service on the Wasp was participation in the space program as the prime recovery ship in the Gemini space program. We picked up Gemini XII with James A. Lovell, Jr. and Edwin E. Aldrin, Jr. If you have never seen one of these space capsules it is hard to imagine how two grown men could have spent two weeks in

such tight confinement. Speaking of military service, I would like to bring to remembrance Walter Babbitt, one of our class mates who gave his all in Viet Nam.

Favorite Job/Occupation

Editor's note. This is part of a string of communications with Richard. I received his permission to use it here.

Richard has over 10,000 hours of volunteer work in Florida and was honored by the State of Florida. He was appointed by two Governors to serve in that area of the state. One was from Tallahassee from the State of Florida Human Rights Advocacy Committee for serving as chairperson for monitoring of group homes & day programs and for investigations of abuse, neglect and exploitation of both public and private facilities that receive public funding. Two were from the Florida Department of Children & Families, District Five, for the same. Also one from the State of Florida

from Health and Rehabilitative Services for monthly instruction for HIV/AIDS educational instruction at the County Juvenile Detention Center. One from the county for Enhancement of Facilities for Leisure Activities serving on the Persons With Disabilities Act Committee.

Editors second note here. Here is an excerpt from an email to me verbatim.

I kept bugging the state (ED - about an inmate he was counseling on HIV+/AIDS) and he was finally released to me on May 1st and stayed in my home until he died in late October. I ended up learning to do more things than I was expecting; including doing chemotherapy IVs twice a day. I'm not exactly crazy about needles so this was a challenge I had to get over. Another one of my endeavors that I hadn't mentioned was going monthly to the Juvenile Detention Center to do a couple of hours of HIV+/AIDS teaching with those little darlings there as well. Also forgot to mention that I received certification in Legal Case Management for mentally retarded individuals in the Criminal Justice System. What a change in profession from being a master planner for 26 years with Mack-Wayne/West Company in New Jersey and then up to my ass in social services here in the Sunshine State.

Favorite Vacation Place

I will go anywhere, anytime to ride Roller Coasters... The Bigger, Faster, and Bad-Assed the better!

Since 1963 This Happened...

Editor's Note: Retha sent me a card and a bio write up done professionally to accompany her at exhibits. She said that I could use this info. I have copied and edited it and am pleased to present it to the talented Class of '63.

Retha is a late comer and self-taught artist. She had some experience with clay and silver jewelry making. With a masters degree in psychology and counseling, she found herself teaching art in an Atlanta school. Inspired, she attended Georgia State University and her portfolio resulted in acceptance to the drawing and painting department. She was influenced and encouraged by Ralph Gilbert, presently head of the College of Art at GSU. Retha studied with Atlanta artists Ben Smith and Delores Kennedy. She benefited from workshops by Don Andrews and Patricia Antonuci (NYC and Italy). Approached to sell by galleries in Atlanta and NYC (Soho), she has been reluctant to put her works for sale with some exceptions. She has donated paintings for charities, e.g., Lake Toxaway Charities, New Leash on Life, Women of Vision, and World Vision. She sells reproductions for framing and four different packs of cards. She shows new works at the annual October Lake Toxaway Art Show and the August Lake Toxaway Art & Craft Show. Retha has a love of drawing and naturally gravitated to water color, mainly self-taught. Recently, she experimented with water color on canvas. The North Carolina Mountains have been a second home for 25 years and inspirational. She likes to paint a multitude of subjects, still-life, landscapes and always a fascination with people and the human body. It pleases her that no matter what the subject, people recognize her distinctive style. Her goal is that the lively colors and subjects make you happy and put a smile on your face

One item from your Bucket List

Not so ambitious anymore that I even have a bucket list

Favorite Job/Occupation

Still working! The most fun job was 40 years ago, and nothing matched in for pure fun since. I was an instructor in Demolitions and Mine Warfare at the Army Engineer School when it was at Ft. Belvoir. The job involved taking a class to the demo range about 3 afternoons each week. It was like chem lab, only outdoors, and the problem involved things like breaching a concrete wall, making a

crater, using a Bangalore torpedo to breach barbed wire. After the thing was set we go back to the bunker, and nothing happened until I said "fire the charge." Every day was 4th of July.

Since 1963 This Happened...

Not much to say. I left the Army in '73. Business trips that were a year-long and 30,000 miles away weren't suitable for the family, and I ended up building a financial services business. My baby just entered college so I am still working.

Any Military Service?

Editors note: Earl and I have lunch regularly and he left this blank. He spent several years in the Army and flew over 1000 hours in combat in Vietnam mostly in UH-1 Hueys. His demolition/engineering work was in Germany. Just thought you would like to know this. I am very proud of his service.

Your Favorite Restaurant

My favorite was destroyed in a hurricane

Favorite Things to do

Anything involving grandkids. I would put golf on the list, but my game isn't very good, so like most of us, I don't know why I bother with it.

Retirement

Favorite Job/Occupation

Since graduating university, I have worked exclusively in the architectural engineering business, doing virtually everything except architecture or engineering. Half of my career has been spent overseas, in such exotic places as West Africa, Saudi Arabia, and Iran. The other half has been mostly in and around New Jersey, save for a year in New Orleans. In retrospect, I've enjoyed every minute of it.

Favorite Vacation Place

Contadora Island in Panama

Since 1963 This Happened...

Lorna and I have been together for almost 15 years. She brought to the marriage 3 wonderful boys, who are now all college graduates and on their way to hopefully wonderful lives. I brought to the marriage my own two wonderful boys. Some Interesting Facts: I've experienced a coup, an attempted coup, and a revolution during my years overseas. I once took a motorcycle trip through West Africa from the Cameroons to Liberia, via Upper Volta. In a 2-month period in 1968, I went from being a bartender in Parsippany (the Old Barn), to having Thanksgiving in Sunnyvale, CA, to becoming a student at Foothill College near Sunnyvale—all to be near a woman who immediately moved to Kentucky. This changed the direction of my life forever and for the good.

Military Service

101st Airborne Division, where I rose to the rank of PFC.

Since 1963 This Happened...

Tony and I have a blended family with his 2 boys and my daughter, Julie and son, Ron. We have 9 grandchildren ranging from 17 - 8. Of course, all are beautiful and smart.

We retired to Cape Cod where we fish, clam, swim and have fun. This is the house that I always disappeared to during our high school summers. I've been here for 55 years. I have 2 nieces here - both were taught by Warren Curd. I am the matriarch of my family as all before me are gone now. I try to watch over not only my children but my sister, Judy's, children - all from Towaco, right next to my house there.

Tony is fighting multiple myeloma right now and is having a stem cell transplant in a week. He will not be at the reunion for that reason. He's doing remarkably well.

I have been active in the IFAW Stranding network here on the Cape. We help, as volunteers, stranded or injured whales, seals, sea turtles and dolphins. Also, worked a few years back, as a docent on a whale watching boat out of Provincetown. I also volunteer at the Cape Cod Museum of Natural History in their aquarium room.

Favorite Food/Dessert

Lobster - ice cream (especially hot fudge sundaes)

Your Favorite Restaurant

You need to go to Chapins at Mayflower beach or Sesuit Harbor Café - both in Dennis.

Favorite Job/Occupation

I worked with the United Nations on the International Day of Older Persons and an International Nursing Exchange Program for World Health Organization, Pan American Health Organization and the UN. It was an exchange program to train nurses from Latin America in Gerontological Nursing. I really loved meeting people from other countries and learning about the culture. I also spent 6 weeks on a Group study Exchange in India in 1995 living with 7 families and giving lectures about Gerontology and the Age Wave.

Favorite Vacation Place

Maui, Hawaii

Since 1963 This Happened...

I will be awarded the Veritas Award for Professional Excellence in March 28, 2014 by Caldwell College. This past April 2013, I received the award for the Business of the Year from West Orange Chamber of Commerce. I work with Alzheimer/Dementia patients for the past 12 years. I am the Director of Marketing for an Arden Courts in West Orange, NJ an Assisted Living dedicated to memory loss. In this capacity, I run support groups and also directly work with the residents. Previously, I worked at St. Francis in Denville with well elderly and the Sisters of the Sorrowful Mother with the International Center on Aging and all of their programs at St. Clare's and other locations for 11 years. I worked at St. Mary's Hospital in Orange, NJ for 6 years as the Administrative Assistant to the Executive Director. I taught special education for 7 years in Boonton Township and Kinnelon. I also had one of the first all day Kindergartens in NJ located in Kinnelon. My boys are all very different and doing well in their careers. Michael is a design engineer with his own company. Adam has a fencing school in NC and is a Historical re-enactor. He has been in numerous documentary dramas and one major motion picture, "Sweet Liberty". Matthew is a pilot and licensed blasting engineer working in heavy construction, Luke is a food service manager for Flik Corporation. He made it through 9/11 while working in Manhattan and transferred to Brooklyn and now Englewood. He was employee of the Year 2013 for his company. He was the chef to the US Olympic Ice Skating Team in Salt Lake City. I am really happy when I get together with the "girls" from my grammar & high school days in Boonton. My family moved when I was a junior and I attended and graduated from Morris Hills High School in Rockaway. Several years ago I wrote to Glenn Moore about a humorous event when I was in 5th grade. He wrote back the most wonderful reply! I am saddened to hear of his passing recently. He was such a wonderful man and teacher. It will be great to see you again! You All Are The Very Best!! I have many happy memories with my classmates. Love, Gail

Lincoln

If Retired, What do you do to keep Busy?

What ever gets me out of the house: yard work, golf, swim, hike, or go to Costco's. Also Grandpa's shuttle, it is like a magic carpet-you never know where it may land.

One item from your Bucket List

Don't really have a bucket list - just to keep going I guess

Favorite Job/Occupation

Marketing

Favorite Vacation Place

Seattle or anywhere warm with a beach!

Since 1963 This Happened...

I have moved around over the years, mainly due to job transfers of my then husband (I have been divorced many years now.), but moved here from MN 23 years ago and decided to stay. My three children are all grown and have families of their own. They currently live in Seattle (but relocating to NC), Nashville, TN and my older daughter lives here in Carmel. I am fortunate enough to still be working and enjoy my job. In my spare time I like to go to movies with friends, read and eat out when possible. I am currently home recuperating from hip replacement surgery August 14.

Favorite Food/Dessert

Anything chocolate!

Favorite Things to do

Go to movies with friends, sightsee, eat out, read

Still haven't made one!

Favorite Job/Occupation

Retired legal secretary

Favorite Vacation Place

Long Beach Island

Since 1963 This Happened...

Carl and I are both retired, married for 28 years. Thank goodness we travelled when we were younger as we both have health problems that prevent us from doing all the fun things we used to do. I enjoy reading and gardening and whatever else I feel up to. Carl volunteers at the local VFW post. Enjoy spending time with grandchildren, when they have time, as they are always doing something. Glad we spent a lot of time doing things together when they were younger and healthy.

Cathy married to Curt James for 16 years - two children, Nicole-28 married and living in Maryland received her teaching and Masters at Towson University in 2012 and started teaching third grade, last September. Has wanted to be a teacher since she was in third grade! Kacy- 23 - dating Franco for 7 years and working at a law firm as a paralegal. Cathy works for a company doing arbitration hearings for small businesses and travels constantly.

Janet married to Todd Eggert for 27 years, two children, Todd III-21 and Jacqueline-18. Todd has his own plumbing business and Todd III works with his dad learning trade. Jacqueline graduated Dover High School in June and will be attending County College this year for graphic design and transferring to Parsons School of Design in sophomore year. They have two boxers, Charlotte and Lucas. Janet is constantly on the go between kids, dogs and Todd's business.

Favorite Food/Dessert

Your Favorite Restaurant

Chocolate

Down to the Bone, Lackawanna Drive, Byram
ate there recently for the first time - great
barbecue!!!

Favorite Things to do

Spend time at shore house on LBI with Janet, Todd, Jacqueline and sister, Kim. It's always chaotic with Janet's two Boxers and Kim's two Golden Retrievers. A lot of laughter, glasses of wine, telling stories and just relaxing on the deck soaking up the sun.

One item from your Bucket List

Own a 1952 MGTD - I have wanted one since I was in college.

Favorite Job/Occupation

Project Controller (current job). Work on large projects keeping track of project costs and doing financial analyses for firm. Often got to travel to client sites on a weekly basis.

Favorite Vacation Place

Any beach!

Since 1963 This Happened...

John & I met many years ago in Jacksonville, FL. My engagement ring was a boat! We would spend all of our free time out on our boat water skiing and relaxing with friends. We have two sons. Chris lives right outside of Washington DC with his wife and our two perfect grandsons (too far from us). Jason lives just a few miles from us so we at least get to see him.

Favorite Food/Dessert

Anything chocolate

See all 50 States

Favorite Job/Occupation

Loved my customer service job with IBM and my software support job for all 50 states and Puerto Rico

Favorite Vacation Place

California

Since 1963 This Happened...

After years of caring for my family, which I'm still doing, I'm trying to focus more on taking care of myself. I've been married twice and have a beautiful daughter and two grandchildren - girl 4 1/2 and a boy 3 1/2. My 2 1/2 year old niece and 1 1/2 year old nephew live with me. I'm surrounded by little ones and I love watching them grow and learn and use their imaginations. I'm still working part time for a real estate development company, and I enjoy the people there very much. I love my family and my friends and feel that that's what life is all about. One day I hope to find someone special to share the rest of my life with.

Favorite Food/Dessert

Depends on the day

Your Favorite Restaurant

I don't really have a favorite - I enjoy too many of them - just depends on what I'm in the mood for.

Favorite Things to do

Play with all my little kiddies

Go fishing in New Zealand

Favorite Job/Occupation

Teacher mathematics

Favorite Vacation Place

Maine

Since 1963 This Happened...

I have been teaching and coaching at the Lawrenceville School for nearly 40 years. Prior to that I taught at Suffield Academy in Suffield, Connecticut and Moses Brown School in Providence, Rhode Island. I married at age 46 and have three (step)children: Christine (35), Shane (34), and Philip (17). While I was an only child, my wife has three younger brothers, so upon marriage I was blessed with an instant extended family. A great bunch, 25 strong counting nieces and nephews, we vacation together every summer (I am writing this from Nags Head, NC). I will teach for two more years and then retire at age - I can't even say it out loud - seventy. We will continue to reside in the village of Lawrenceville.

Any Military Service?

I did not serve in the military; however, my father-in-law is a West Point graduate. I have been to every Army-Navy game since 1990.

Favorite Food/Dessert

Favorite Things to do

Fly fish - anywhere, anytime.

Are You on any Social Media?

My son Philip asked me to open a Facebook account and be his friend, which I did. Then he discovered how uncool it was and promptly unfriended me. The account still exists although I am not good about using it.
